

The Mission of the Hawk Potential Center

Hoffman Estates High School's Block Schedule offers unique opportunities for students to engage in academic exploration and enhancement. Through the seminar and tutoring programs, a Hoffman student will receive academic support and will pursue areas of interest.

What is the Hawk Potential Center?

On a student's schedule, a seminar block is a student's non-class time. If a student receives a Term grade of a "D+" or lower, they will be placed in the Hawk Potential Center or in the Guided Study Center for interventions that can be put in place to help students succeed academically.

Hoffman Estates High School Mission Statement

The mission of Hoffman Estates High School is to develop responsible and respectful learners who demonstrate the skills necessary to succeed in a changing world.

In support of our mission we are committed to:

- ◆ Providing a supportive learning environment
- ◆ Improving academic performance
- ◆ Preparing students for a changing world
